Receipt is acknowledged of the response filed 6/1/01. It has been determined however that because of the Reasons for Allowance in the parent application there is recapture. Specifically, claims 17 and 23 must contain at least "two parallel panels connected by a bridging member as claimed" with the specifics of the previous claimed bridging member, claim 24 must contain at least "one of the panels ... of the thicker part is partially cut away", and claim 41 must contain either of these two limitations.

The reissue oath/declaration filed with this application is defective (see 37 CFR 1.175 and MPEP § 1414) because of the following: the error stated as being corrected by the reissue application is not found in claims 17 and 23 and cannot be corrected by Reissue application. A new declaration must be filed with the additional error to be corrected to overcome this.

Claims 1-41 are rejected as being based upon a defective reissue 17-23 under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the declaration is set forth in the discussion above in this Office action.

The amendment to claims 24 and 41 in the amendment of 6/19/00 does not comply with Rule 1.173 and must be corrected.
